

-: Lab 06 :-

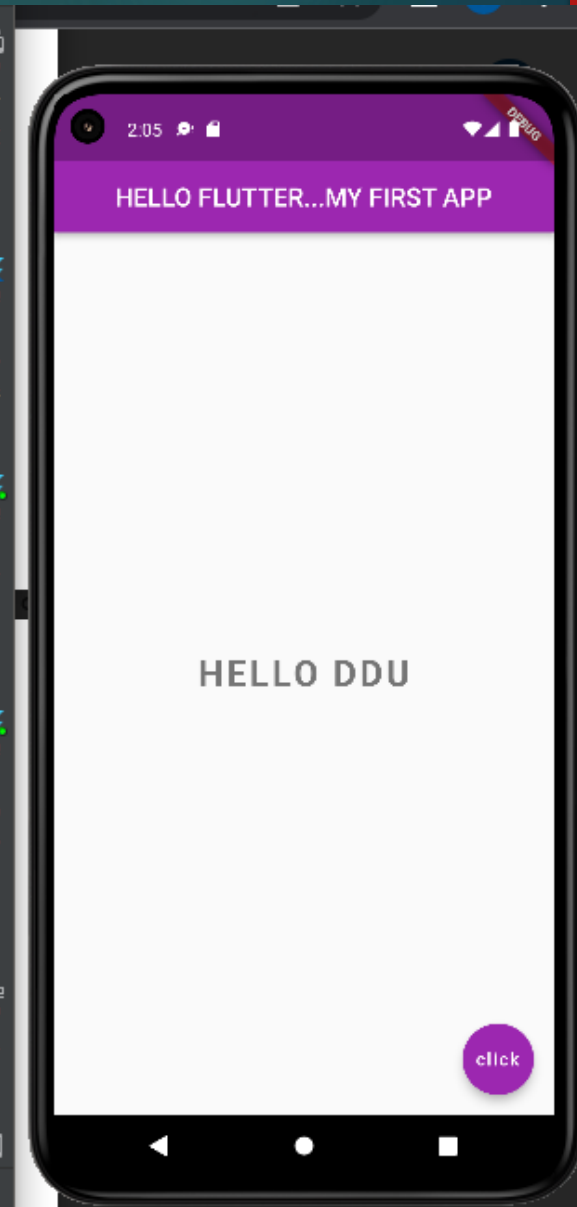

```
1 import 'package:flutter/material.dart';
2 void main() => runApp(MaterialApp(
3   home: Scaffold(
4     appBar: AppBar(
5       title: Text('HELLO FLUTTER...MY FIRST APP'),
6       centerTitle: true,
7       backgroundColor: Colors.purple,
8     ), // AppBar
9     body: Center(
10      child: Text('HELLO DDU',
11        style: TextStyle(
12          fontSize: 28.0,
13          fontWeight: FontWeight.bold,
14          letterSpacing: 2.5,
15          color: Colors.grey[600],
16          fontFamily: 'Aboreto'
17        ), // TextStyle
18      ), // Text
19    ), // Center
20
21    floatingActionButton: FloatingActionButton(
22      onPressed: () {}, // must required property...
23      child: Text('click'),
24      backgroundColor: Colors.purple,
25    ), // FloatingActionButton
```
